All work must be original, handmade and displayed by the artist/craftsman who sign the application. The festival staff may require removal of work, exhibit or exhibitor in violation of any festival rules.

PEANUT FESTIVAL JURY: The uniqueness of your art or craft and the availability of spaces in your craft category will be the main determining factor. Note that the festival jury may not be familiar with your particular craft, and therefore, you should fill out the application completely. Failure to provide photos or slides may impair the judge's decision on your application. All applicants should provide a photo of booth in addition to craft.
